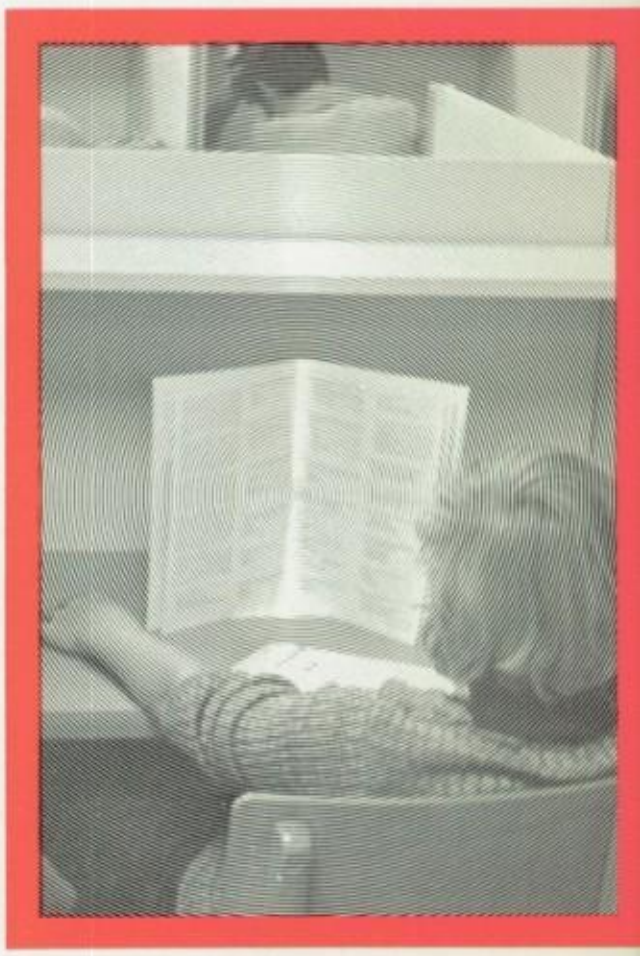
The aim of education should be to teach us rather how to think than what to think,- rather to improve our minds, so as to enable us to think for ourselves, than to load the memory with thoughts of other men.

Beattie

School provides me a place to meet and find new friends and to learn to get along with them. Karen Sorlie '76

To be a freshman again would be great. To know what I know now. To know there's four more years of security and sheltered life ahead of me. To know I won't lose any friends yet and to know I have another four years to make new friends in. To be a freshman again . . . Bunny Kostak '73

Sincerity, truth, faithfulness, come into the very essence of friendship. William Ellery Channing



A book is a friend that never deceives. Guilbert De Pixerecourt

Love is the greatest of all educators. Osgood

I feel that the most important thing you gain from extra-curricular activities is that you learn to work with other people. I've come in contact with kids I can't get along with, but by being on a squad like Pom Pon I have learned to get along with them and to make the best of it. If I don't get anything else out of the activity, at least I've had the chance to get to know all sorts of people and when I finally get out of this school, the ability to get along with all these people will be very important. Unlike most people, I wasn't shocked by the olympic massacre. All my life I've heard of similar captures and threats. I saw no more significance in the capture of the Israeli olympic members than in the shells being planted along the Syrian border. Judy Siegel '74

Sorrow makes men sincere. Beecher

I think the 18 year old vote will make most of us want to know more about what's going on around us. Mike Terenzio '76

We shall one day learn to supersede politics by education. What we call our root-and-branch reforms of slavery, war, gambling, intemperance, is only medicating the symptoms. We must begin higher up, namely, in education. Emerson

Politics is the only serious subject that men think themselves qualified to act upon without any previous education or instruction whatever. If it happened to be astronomy, or botany, or medicine, or law, he would never be allowed to work in any of these arts, or to take a decisive part in the history of any of these sciences without having, at least, acquired the ABC of it; but the awful fact of politics is that we do not take the trouble seriously to understand the political situation. Rev. Hugh Price Hughes

The school is a dehumanizing institution. Our minds as well as bodies are confined within these walls. A perfect parallel to a prison can be constructed. We are the convicts. C. McNamara

Maine East seems to be a glorified babysitting factory. Dan Grippo '73

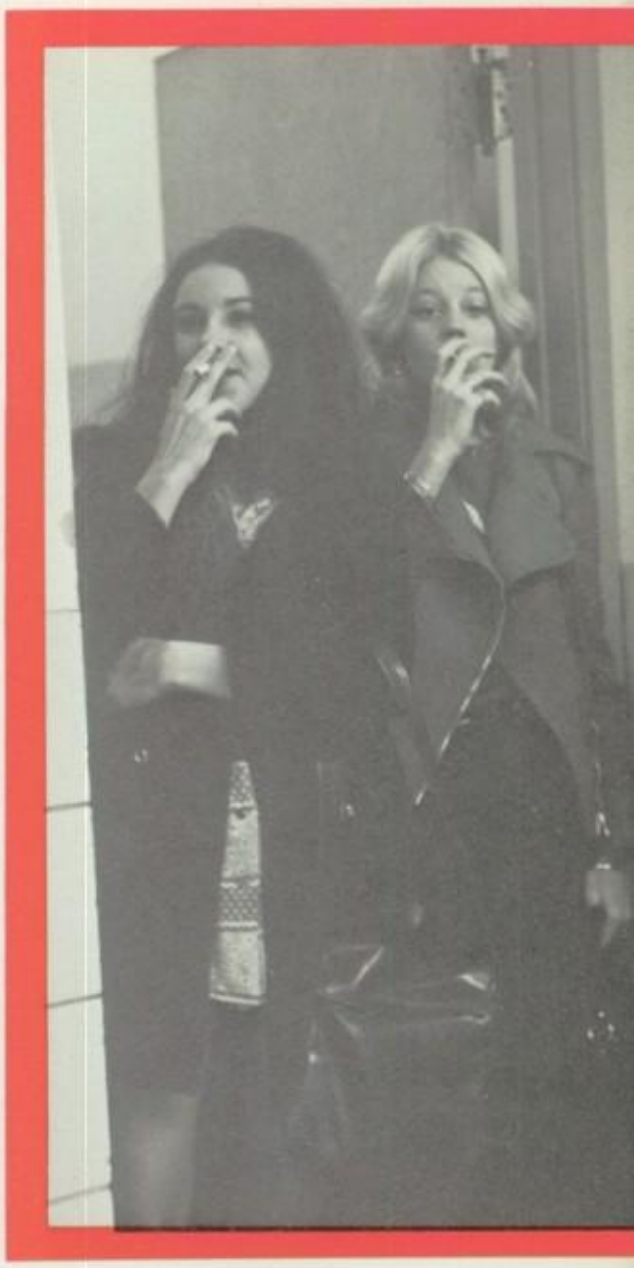
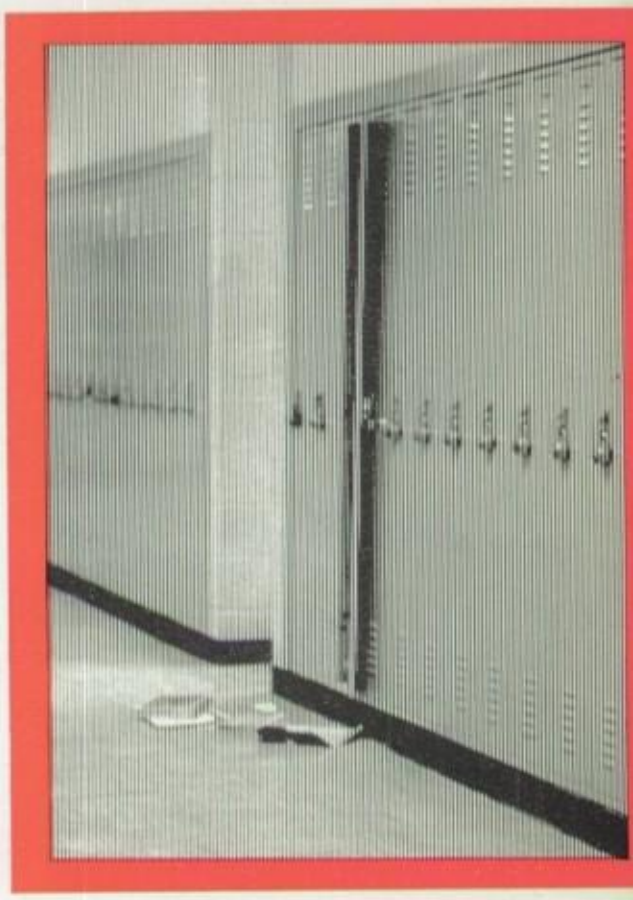
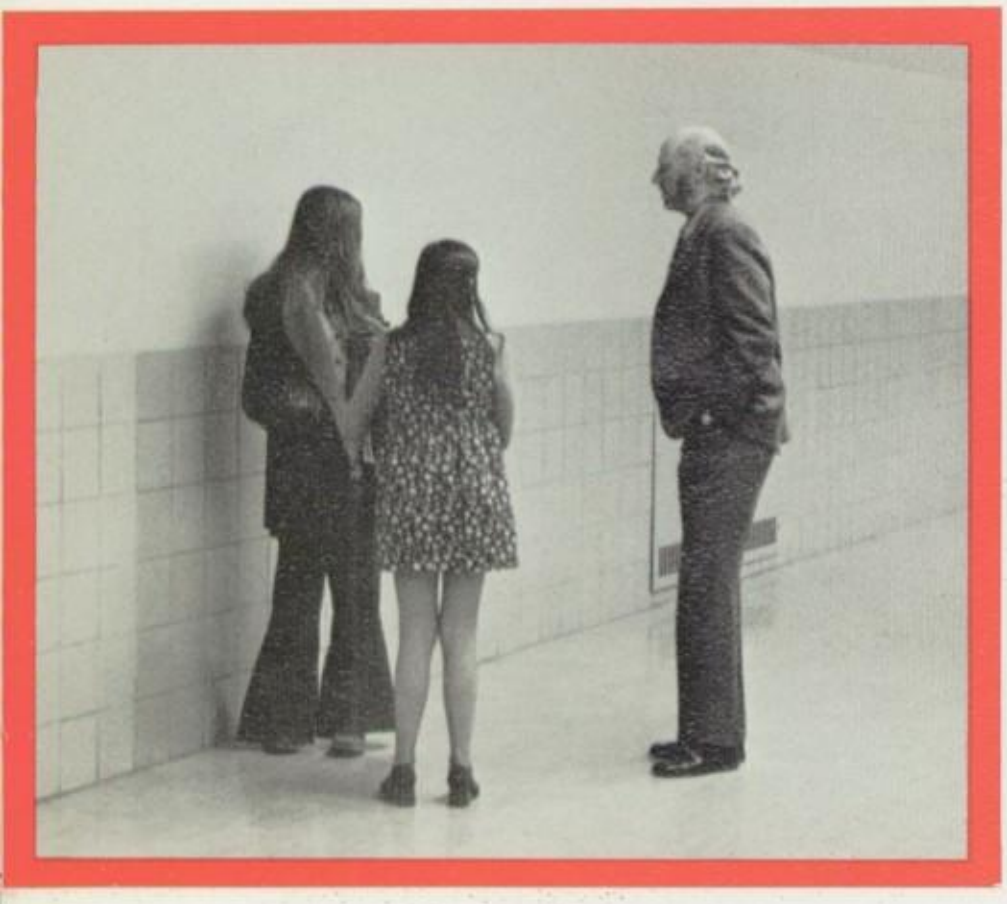
There is nothing in the world that remains unchanged. All things are in perpetual flux, and every shadow is seen to move. Ovid

Sometimes I wonder what teachers mean when they tell us they are preparing us to go out on our own and to face responsibilities. Are they really preparing us for adulthood or just enough so we can make it through another day at Maine East? Sheila Wurmser '74

If a man does not keep pace with his companions, perhaps it is because he hears a different drummer. Let him step to the music he hears, however measured or far away. Henry David Thoreau







A great school is very trying; it can never present images of rest and peace.

Left: Introductions of the officers and a speech by Mr. Clouser didn't seem to interest many juniors during Student Council's Orientation Assembly.
Upper Right: Dan Grippo represented Quad Council at the smoking lounge hearing during which he referred to the "no-smoking-on-campus" policy as an unenforceable rule.
Center: Election assemblies were held in the auditoruim for freshmen, sophomores and juniors instead of the usual all-school assembly as in previous years.
Lower: Careless use of the student lounge forced some student council members to clean the carpeting and walls over Christmas vacation.

Increasing student apathy led to the cancellation of the AFS program. Homecoming attendance sank in the downpour and Food Can Drive once again fell short of Council's expectations, but a successful V-Show lifted dragging spirits. Library fine money was returned to students in the form of rock albums and new paperbacks purchased for the LRC. A newly formed Quad Council, representative of the four Maine Schools, initiated a public hearing with school board members to probe smoking lounge possibilities.

Upper: Sophomores took second place in a disappointing food can drive. The total accumulation of cans only amounted to somewhere around 5000 in comparison to last year's total of 10,000.
Lower: Karen Penner, Irv Wagner and Ms. Lynn Dieter present paperbacks and albums donated by Student Council to Ms. Meyers, Head Librarian. Later in the same week, books were removed for screening and possible removal of ones considered "objectionable."

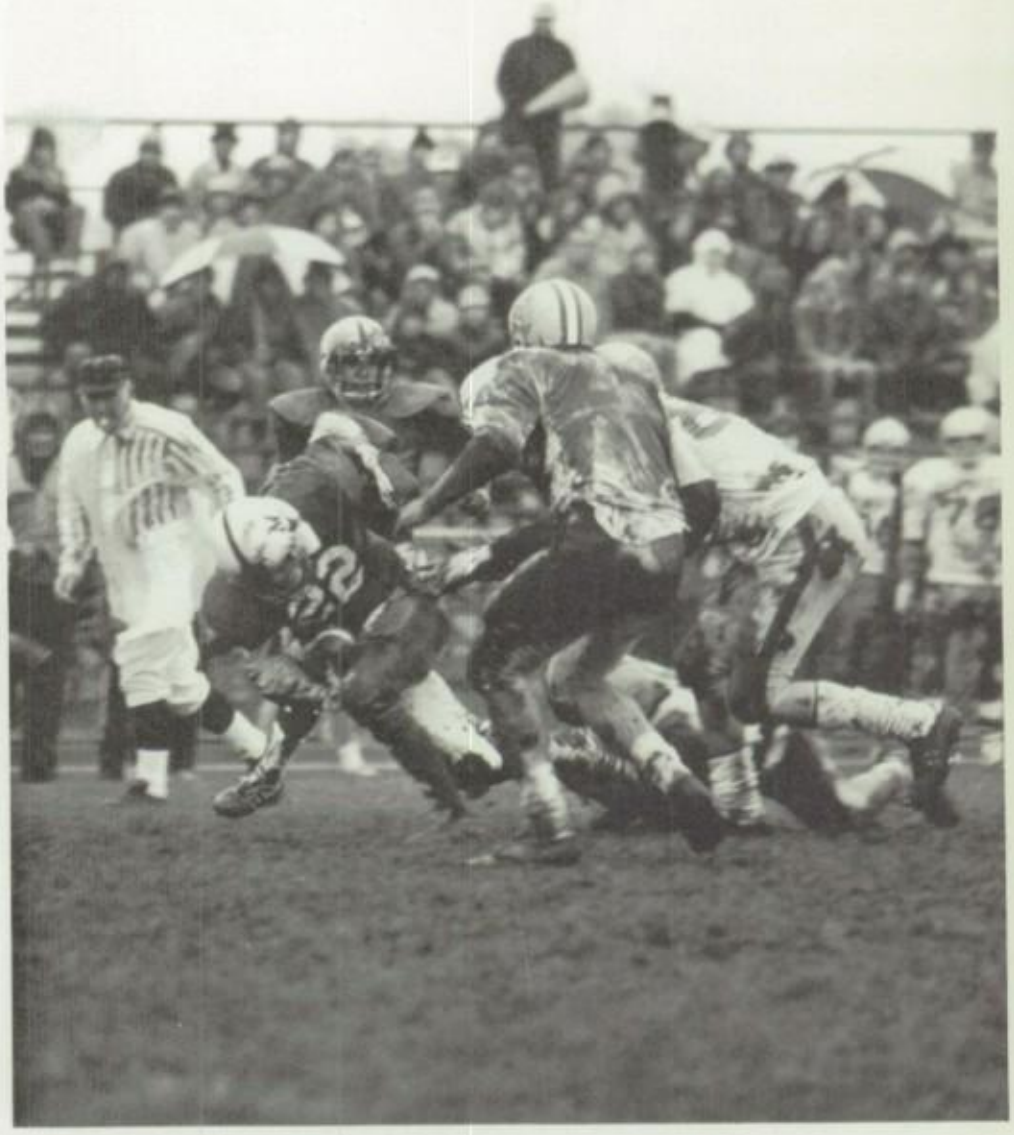
Upper: Although this lethargic view may be the typical concept of Council, it perhaps is not a truthful one,
Left: Student Council Officers: Vice Pres. Sandy Williams, Secretary Bonnie Wilson, Treasurer Sheryl Blassman, and President Dan Grippo.
Right: Council members meet daily and discuss the changes needed to benefit the school—without upsetting the administration.

Student Council's dedicated endeavors to initiate student-geared improvements marked the transitional period entered by Council. This is an attempt to place emphasis on diversified education and total communication.

Upper: An effective team with unusual rapport aspires to the future as Dan Grippo explains, ". . .I know there's someone else in this school who could do a better job next year, and I hope that person gets a chance." Officers and sponsors include Bonnie Wilson, Bill Bolton (co-sponsor), Sandy Williams, Sheryl Blassman, Lynn Dieter (co-sponsor) and Dan Grippo.
Lower: Student Council Executive Board members: Judy Gross, Steve Hadden, Arnie Schaffer, Dave Erickson, Carol Hirsch, Karen Penner, Marge Penar, Irvin Wagner, Val Besser, Corey Carbonara, Laurie Buonincontro, Rozanne Robinson, Carol Dudek, Judy Gagliardi and Sandy Williams.

Left: Homecoming court: L. Didriksen, D. Moorad, J. Aiello, C. Carbonara, Queen J. Divito, King J. Sylverne, K. Becker, J. Cromer, B. Wilson, and A. Schaffer.

Right: John Wolff turns on his explosive energy to break through the New Trier West defense.



Right: The Firelight Rally, fast becoming a tradition at Maine, created a feeling of spirit and excitement as students huddled together in the rain. Maine East '72 alumni were invited back to take part in the festivities. Tom Bullis and Ken Shapiro, alumni members, enjoy themselves entertaining the packed stadium.

Upper: Seniors work on making their first place float the "Fastest Gun in the East." *Lower*: "The Golden Nugget," sponsored by the senior class, was attended by an unusually large crowd that danced to the music of the "Pleasure Principle".

"Gateway to the West" built up its momentum during a chaotic week of floatbuilding, assemblies, and voting for King and Queen candidates.
"Trailblazer" attracted a crowd that anxiously awaited the announcement of the courts—
Continuous rain, a canceled parade route, and a 12-17 loss to New Trier West failed to dampen the spirits of Demon enthusiasts.
The "Golden Nugget" concluded a "rip-roaring" weekend.

Lower: Boys' Officers: (l to r) Dave Contorno, Dave Bunt, Lou Brad, Scott Friedman, Sponser Mr. Leys.

GAA

Upper: Combined efforts of many girls produced the second place float "Beat West or Bust."
Left: Scooter races were a part of the fun provided during one of the many playnights sponsored by GAA.
Right: President Pat McDonell, sports chairman Sandy Wiercinski, and sec'y-treas. Karen Stoltzner planned many activities along with sponsor Alice Barthold.

A strong season record of 19-0 resulted in a 31 consecutive win record for Maine matmen. Domination of districts with seven firsts, along with victories in the conference and Glenbrook South tournament, compiled an impressive CSL standing. "The present relationship between students and teachers gives me the opportunity to think of you, the students, as equals, and the opportunity to learn from you. It is really a better relationship than in the past."

Ms. Elizabeth Boyer

"The relationship between students and teachers is often like predator and prey: and it's difficult to tell which is which. Why is humanity the oft-forgotten element?"

Ms. Lynn Dieter

"I sincerely believe that we have a fairly unique situation at Maine East. In general, the teachers here care about their students as people, and above all, the students seem to realize that their teachers are human, sensitive, caring individuals. If this mutual feeling of respect ever leaves Maine East, so will I!"

Mr. Paul McClelland

"All this freedom is wonderful but along with this freedom must come responsibility, because, without responsibility, too much freedom becomes bedlam."

Mr. Lester Rozalovsky

"When former students excitedly tell me about their jobs in Home Economics, their Junior Achievement 'bank,' or their new home, when a current student turns in an Interior Design project, or yells out 'hey, where can I get one of those W4E forms!' my day is complete; it has been worth the time and effort."

Ms. Judith Toohill

"Students should develop a capability for enjoying life. Too often they are so self-centered, they can't enjoy other people or situations that arise."

Mr. Dan Wilson

"Sometimes students want to live in a world of their own creation, rather than in the real one where most of us adults live."

Ms. Barbara Witkiewicz

Time it was
And what a time it was
It was a time of innocence
A time of confidences
Long ago
It must be
I have a photograph
Preserve your memories
That is all that is left you.
Simon and Garfunkel —

My sincerest gratitude to the entire staff,
to Bev, Pam, Steve, and Sue for their
devotion to our cause,
to Miss Wit for her guidance and friendship,
to Mr. Moorhead for his encouragement during
all our meetings and phone conversations,
to Root Studios,
to Bob Kucera for this picture,
and to Steve Pearlman for the patience
he has shown around deadlines.

The 1973 LENS has attempted to give some insight into the question of what education is. We have been unable to confine the answer to one building in one school year. We have concluded that education is a series of experiences that extend beyond the years of formal schooling.
